Dear Hiring Manager,

REF: Application for Research Officer - IFPRI,

Keeping in mind the reputation of renowned organisations like yours having growth opportunities for careers and opportunities paving the way for a bright future motivated me to apply for this opportunity as soon as I got the advertisement.

I am a hardworking individual who pursued a BSC in Agribusiness Management and Enterprise Development. I have also studied programming based on Software Engineering and Software Testing Fundamentals. My further studies on Agribusiness management, Business Analysis, Agile and Scrum, software development along with remote jobs experiences have benefited me a lot into how to implement them to manage and structure my work on my previous jobs and I'm ready to apply them on my next job for continuous improvement and achieve better results.

I am known to be full of unique and innovative ideas with effective problem-solving, Analytical thinking skills, Research-based skills, Business management skills, Social, Political, and Networking skills not to mention enterprise development skills.

I have also contributed to development and implementation of the company's vision and marketing strategies which aided to growth of the company's Revenue. I have provided advice and training to clients on matters of credit and financial management. I have educated, oriented, and conducted inspections and research on clients to collect data dealing with financial and economic analysis at the company I have worked for.

You will get an enclosed copy of my CV which provides a much more detailed description of my education, skills, and work experience.

I shall be most grateful if my application is considered favourably,

Regards.

Yours Sincerely,

Jebet Jackline.
